

About us

Prinsen Berning is the leading European full-service co-manufacturer (OEM) of protein bars and functional ready-to-mix powders, with over 100 years of experience.

Since 1915, we develop and produce our award-winning protein bars in the North-West of Germany.

Since 1924, we blend and pack high quality raw materials into a variety of functional ready-to-mix powders in the South of the Netherlands.
